Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home B conducted on 10/19/2023. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1)	**Facility Requirements**
441 IAC 110.8(1)“ c”	Combustible materials shall be kept a minimum of three feet away from furnaces, stoves, water heaters, and gas dryers

Findings:

Per our 10/19/2023 spot check visit, the following correction needs to be made:

441 IAC 110.8(1)“c” Combustible materials shall be kept a minimum of three feet away from furnaces, stoves, water heaters, and gas dryers

Suggestions/Recommendations:

1. Michele needs to move the combustible items around her water heater to at least three feet away.

Corrective Action Required:

No re-check is required at Michele's operation. The above correction needs to be in place by 1/12/2024 and will be reviewed during her next visit.

I encourage Michele to work with Kathy Lloyd from Child Care Resource and Referral with any ongoing compliance or training needs.
Kathy can be reached at: (319) 231-9405

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at (515) 291-0008 if you have any questions regarding this letter.

Sincerely,

Earl Crow
