This letter is in regards to the compliance visit at your Registered Child Development Home B conducted on 03/10/2020. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

Each smoke detector shall be installed according to manufacturer’s recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes

**441 IAC 110.8(4) Emergency Plans**

441 IAC 110.8(4) “a” Fire and tornado drills shall be practiced monthly and the provider shall keep documentation evidencing compliance with monthly practice on file for the current year and the previous year.

The examination shall include any necessary testing for communicable diseases; a discussion of recommended vaccinations; completed no more than six months prior to approval to assist or be a household member; completed by a licensed medical doctor, doctor of osteopathy, physician assistant or advanced registered nurse practitioner; and repeated at least every three years.
3. Certification of two hours of approved training related to identification and reporting of child abuse as required by Iowa Code section 232.69 within 3 months of employment.

441 IAC 110.9(4) Children’s Files. An individual file for each child shall be maintained and updated annually or when the provider becomes aware of changes. The file shall contain:

- d. An admission physical examination report signed by a licensed physician or designee in a clinic supervised by a licensed physician
  - 1. The date of the physical examination shall not be more than 12 months before the child's first day of attendance at the child development home.
  - 2. The written report shall include past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary.
  - 3. For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physical examination report.
  - 4. The examination report or statement of health status shall be on file before the child's first day of care

Findings:

On 3/10/2020, when an unannounced spot check was completed, DHS worker Toni Brown observed the following:

- 1) The provider had not consistently documented monthly testing of the smoke alarms in the home.
- 2) The provider had not consistently documented monthly practicing of fire and tornado drills.
- 3) The certification for mandatory child abuse reporter training for assistant Debra Frey was missing.
- 4) Three children's files are in need of updated physicals. One child's file is in need of an immunization record. (All children's files were identified during spot check so provider is aware of specific child's files needs)

Suggestions for Improvement:

\*\*\*\* These are general reminders. This does not reflect on the spot check that was completed.

- If you have a child that has allergies (other than seasonal), a written emergency plan must be completed. This plan is to accompany the child if away from the facility.
- Serious injuries and deaths must be reported within 24 hours.
- For each child under the age of 12 months that is present, you must have a crib or crib like furniture for safe sleep practices.
- No child should be allowed to start attending your child care program until all paperwork has been completed by his or her parent and turned in to you.
- Each child in your care needs to have an updated medical statement or physical annually.
- The vet needs to inspect your pets annually and complete form 470-5153 showing your pet is free of endo and ecto parasites.
- Your private water supply needs to be tested annually.
- No one can be an assistant and/or substitute until you have received the letter from Child Care Registration indicating that person is approved.
- Please note that if you are found to be noncompliant for the same requirement for two consecutive years, a safety plan or revocation could occur.

Please make every attempt to become compliant within 15 days of receipt of this letter. Please email pictorial documentation of compliance to me at [tbrown@dhs.state.ia.us](mailto:tbrown@dhs.state.ia.us) or text me at (319) 429-1736. If you are in need of more time to become compliant, please contact me at (319) 292-2419 or (319) 429-1736

Recommendation:

- 1) Test smoke alarms every month and immediately document this activity upon completion.
- 2) Practice fire and tornado drills monthly and immediately document this activity upon completion.
- 3) Assistant Debra Frey needs to complete the mandatory child abuse training. The website to access this training is <https://training.hs.iastate.edu/>.
- 4) Obtain missing documents for files identified at the time of the spot check.

[ ] Is the recommendation to terminate a provider agreement or revoke a registration?

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Based on the items out of compliance listed above, you will not be required to have a recheck or follow up visit to your home.

Please do not hesitate to contact me at DHS at (319) 292-2419 if you have any questions regarding this letter.

Sincerely,

Toni Brown
