## CHILD CARE ANNUAL EVALUATION

Jannina says that her childcare is a very positive environment. Jannina recently obtained some "feelings dolls" which help the children identify their different emotions. These dolls are in the "common corner" where children can have a space to calm down. Jannina says that she teaches the children their letters, numbers and colors. Jannina encourages the children to try different foods. Jannina says that they have frequent dance parties and do the "Wiggle Dance". The children also enjoy spending time outdoors, coloring, play doh and finger painting. Jannina says that she does not shy away from the "messy" activities.

Jannina does have a separate area for the older children to play, but she is still able to observe and supervise.

Jannina says that she has very good communication skills, she frequently sends photos and videos to the children's parents. Jannina also has a good relationship with HHS and working with foster parents.
