CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance check with Registered Child Development Home Category C-2 providers Tiffany and Anthony Skaggs on 10/13/2025. Tiffany has been involved in child care for 25 years. The couple is renewing their registration at the end of October 2025. They continue operating lower level only of a ranch style home. The basement is walk-out, providing the required 2 exits. They had 7 kids in care during the time of our visit. They have no HHS-approved substitutes or assistants. Tiffany has a fenced section of her back yard for the outdoor play area.

2. Identify Observed Strengths Of The Program

Tiffany and Anthony are currently working with Child Care Resource and Referral towards an IQ4K Level 3 certification. The couple is using the Playground application with their operation and are currently transitioning files to the new system. They have a lower level completely designated to child care which includes a table set at a child's height for meals, snacks, and activities. They use curriculum that is social/emotional play based. The activities are child-led by interest, and include lots of arts, crafts, and music. The children have very regular outside play time.

3. Identify The Aspects That Fall Below The Standard

All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
- Tiffany and Anthony need to obtain a current vet statement for their 4 cats to have on file. These need to be completed using the State form she has copies of and need to be renewed every year.

110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.
- Tiffany needs to obtain a current physician signed statement of health form for herself to have on file. This needs to be completed using the State form she has a copy of and needs to be renewed every 3 years.

110.9(1)b(1)
- Both Tiffany and Anthony need to obtain renewals in their Mandatory Reporter training and their CPR/First Aid.

The CPR/First Aid and the Mandatory Reporter training are being required by the Registration Unit for their renewal at the end of this month. The other corrections need to be in place by 12/15/2025 and will be reviewed during their next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

I encourage Tiffany and Anthony to work with Katie Cruise from Child Care Resource and Referral with any ongoing compliance or training needs.
Katie can be reached at: (319) 530-5265

Tiffany currently has no infants under 12 months of age in care. We reviewed safe infant sleeping policies for future reference as she is expecting 3 in the coming year.
