CHILD CARE COMPLIANT

Rule Basis and Findings of Complaint(s):

110.6 "No more children are in care than the number authorized on the Registration Certificate."

Findings:

This worker went to Esther Davies Child Development Home unannounced on 7/17/2026 at 10:15am. Esther's substitute was present with 4 childcare children present. The substitute informed me Esther was at a medical appointment and would be back soon. This worker did a full walk through of the Child Development Home. No safety concerns were observed. 4 preschool children were present. Esther arrived 10 minutes after this worker arrived. I presented the print outs of the billing spreadsheet showing over numbers consistently on 6/8/26-6/21/26 for a 2 hour time period. We discussed it appears to be during pick-up/drop-off times. I explained Esther could not be over numbers which the billing sheet reflects. I let her know she would need to work with the families to prevent the over numbers from happening. Esther said she understands.

Resolution and Action Required:

110.6 "No more children are in care than the number authorized on the Registration Certificate."

Esther was not out of compliance when the unannounced complaint check occurred. Esther has been out of compliance demonstrated by the billing sheets she submitted.

This worker has made a referral to the Child Care Resource and Referral Worker to assist Esther with scheduling with the families to prevent over numbers.

This worker completed a full compliance check during the visit. The details of the compliance check are available in another document.

No further actions are needed at this time.
