CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Bonnie has been providing child care for almost 35 years now. Bonnie began providing care when her daughter Kayleigh was born. Kayleigh is now Bonnie's co provider in her child development home. Bonnie and Kayleigh provide child care to children aged 8 weeks to five years. Bonnie and Kayleigh are available for first shift care. Children experience regular outdoor time while attending Bonnie and Kayleigh's child care. The day care children and families become an extended "day care family" to both Kayleigh and Bonnie.

2. Identify Observed Strengths Of The Program

Bonnie believes their greatest strength in caring for children is that since there are two of them, they have the ability to spend more 1:1 time with children. Bonnie tends to the babies generally and Kayleigh spends time with the older children in care. Bonnie's environment is safe for children and has many age appropriate toys and activities. Bonnie maintains her paperwork in an organized fashion, making her annual compliance visits quick. Bonnie and Kayleigh maintain regular communication with the parents of children in care. The parents are provided a monthly calendar that alerts them to daily themes, letters, colors, etc... The children enjoy having the "library lady" visit the child care twice a month for story time and singing songs.

3. Identify The Aspects That Fall Below The Standard

Each smoke detector is tested monthly, and a record is kept for inspection purposes.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.
110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Bonnie and Kayleigh need to resume monthly drills and written documentation.
Bonnie needs updated physicals for herself and Steve documented on required HHS physical form. Bonnie has appointments scheduled for June 2026.
Bonnie needs to send verification of the above items to Kathy by texting 563-949-6971 or emailing kathy.huinker@hhs.iowa.gov. Verification of continuation of drills should be sent by 4/3/2026. Updated physicals should be sent immediately upon receipt in June 2026.

5. Special Notes/recommendations

Targeted compliance of Emergency Preparedness Plan completed. Updates were made to ensure evacuation locations remained current and up to date.

6. ADDENDUMS:

- Addendum1: Bonnie texted this worker pictures of needed physicals for herself and her husband on 6/23/2026. Steve's physical is dated 6/22/2026 and Bonnie's is also dated 6/22/2026. Both physicals are on the required HHS Child Care Provider Physical examination report. Bonnie is now fully compliant with rules and regulations.

This Addendum is approved by supervisor on 6/24/2026
