Dear Child Care Provider:

This letter is in regards to the pre-inspection visit at your Registered Child Development Home A conducted on 11/09/2023. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1) **Facility Requirements**

441 IAC 110.8(1)"n" Providers shall inform parents of the presence of any pet in the home.

1. Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal's routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).

2. Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that it is free of infectious diseases. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. Children shall not handle pet birds.

3. Aquariums shall be well maintained and installed in a manner that prevents children from accessing the water or pulling over a tank.

4. All animal waste shall be immediately removed from the children's areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.

5. No animals shall be allowed in the food preparation, food storage, or serving areas during food preparation and serving times

441 IAC 110.8(3) **Medications and Hazardous Materials**

441 IAC 110.8(3)"a" All medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child

441 IAC 110.8(3) "d" The provider shall establish procedures related to infectious disease control and handling of any bodily excrement or discharge, or blood. Soiled diapers shall be stored in containers separate from other waste.

441 IAC 110.8(4) **Emergency Plans**

441 IAC 110.8(4) "b" The provider must have procedures in place for the following:

1. evacuation to safely leave the facility
2. relocation to a common, safe location after the evacuation
3. shelter-in-place to take immediate shelter where you are when it is unsafe to leave that location due to the emergent issue
4. lock down protocol to protect children and providers from an external situation
5. communication plan and plans for reunification with families
6. continuity of operations plans
7. Procedures to address the needs of individual children, including those with functional or access needs

Findings:

1. 110.8(1)n The provider does not have an annual exam for one of her pet dogs, Zoie.

2. 110.8(3)a The provider does not have child-proof locks for cabinet under kitchen sink where some poisonous/toxic materials are stored.

3. 110.8(3)e The provider does not have a separate container for soiled diapers.

4.. 110.8(4) The provider has not completed the Emergency Preparedness Plan.

Suggestions/Recommendations:

1. The provider needs an annual exam, on form 470-5153 Pet Health Examination Veterinary Health Certificate, for 1 dog, Zoie. (The provider reports that Zoie has a vet appointment on 11/11/2023).

2. The provider needs to add a child-proof lock for the cabinet under the sink.

3. The provider needs to obtain a separate container for soiled diapers.

4. The provider needs to complete the Emergency Preparedness Plan. (SW Bailey made a referral to CCR&R for assistance with this for provider.)

Corrective Action Required:

Corrections need to be made by 11/23/2023 and documentation (photos) sent to SW Bailey at 319-800-4702.

I encourage you to work with Malia Love from Child Care Resource and Referral with any ongoing compliance or training needs.
