CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Dudu Say is a CDH Category A provider, living in Des Moines. She has been a registered daycare provider since 2025. Dudu lives in a ranch style house and can use the whole house for her childcare operation. Dudu provides care to children of all ages. Dudu speaks English and Karen.

2. Identify Observed Strengths Of The Program

Dudu Say was organized for our compliance check. No daycare children were present at the time of my compliance visit. Dudu currently provides care for 6 daycare children, ages 1 years old to school agers. She provides care from 4 pm to 2 am. Dudu said the daycare children either play in the front yard or the neighborhood park. The front yard is fenced in. We reviewed all safe sleep regulations. Dudu has a crib for infants to sleep in. Dudu uses timeouts for discipline. Dudu said the daycare children like to read books, play with toys, watch TV and play outside.

3. Identify The Aspects That Fall Below The Standard

Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. Fire and tornado drills need practiced monthly. Record of these drills need kept for inspection purposes.
