Program Population Served:

- [ ] Infant(0<24 mos)
- [ ] Toddler
- [ ] PreSchool
- [ ] School Age
- [X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Rebecca Scheidel on 8/5/2026. Rebecca has been involved with child care for 21 years. She continues her child care operation using a ranch style slab building that sits on the back side of their in-town lot. The entire space is designated for child care only. Rebecca has a commercial tornado shelter room just outside the home for any adverse weather events. Her child care space is well designed, the entire space is visible to Rebecca allowing for good observation of the children. There is a lot of open space for the children. She had 8 kids in care during the time of our visit, and is caring for 12 total children at this time. Rebecca has one HHS-approved assistant, and no HHS-approved substitutes. She is due to renew her registration effective 8/31/2027.

2. Identify Observed Strengths Of The Program

Rebecca has many years of experience in child care. She described her strengths as a focus on healthy living, being organized, maintains structure/routine, and how much she loves the kids. Her curriculum is faith based and she uses "Danny Go" as a regular fitness activity. Rebecca tries to work in 60 minutes of physical activity every day which includes regular outside time. The children were engaged in free play during the time of our visit. Rebecca does not participate in the Food Program, but strives to provide a healthy diet for the children.

3. Identify The Aspects That Fall Below The Standard

110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
110.9 (4) g : A signed and dated immunization certificate provided by the state Department of Public Health.
- Rebecca needs to update a couple of her children's files with current physicals and immunization sheets. These need to be in place by 10/15/2026 and will be reviewed during her next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Rebecca was in compliance having a plan consistent with her current operation.

I encourage Rebecca to work with Teri Orr from Child Care Resource and Referral with any ongoing compliance or training needs.
Teri can be reached at: (319) 433-7750

Rebecca had one infant under 12 months of age in care during our visit who was awake. We reviewed safe infant sleeping policies.
