CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Kristin has been providing child care since 1989. She provided unregistered care for a while and then became a registered child development home. Kristin accepts children aged 12 months through school aged (as long as transportation is not required as she does not offer that). Kristin provides care Monday through Friday for first shift families. Kristin has a play based environment that includes regular story time, music activities, out door time when possible, and free play.

2. Identify Observed Strengths Of The Program

Kristin believes her greatest strength in working with children is that she is very patient with kids. Kristin teaches 'kindness' to children and is determined to "raise good humans". Kristin also works with and teaches parents as the opportunity arises to do so. Kristin maintains relationships with the families she has provided care to, even when the children have grown up. Kristin stresses transparency with families as it helps foster a trusting relationship with one another. Kristin's sense of humor is an asset as it relates to working with children, parents, and collateral contacts such as HHS and CCRR. Kristin has worked hard on her required paperwork to ensure it remains up to date each year. Kristin's environment is appropriate and has many age appropriate toys and activities for children of all ages and stages.

3. Identify The Aspects That Fall Below The Standard

All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.

110.9(4) : An individual file is maintained for each child and updated annually or when there are changes. Each file contains:

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Kristin needs updated pet records for her two dogs documented on required HHS form.
Kristin needs to update all enrollment forms for enrolled children (sign and date again).

Kristin needs to send updated pet records to Kathy by 4/20/2026. This can be emailed to kathy.huinker@hhs.iowa.gov or texted to 563-949-6971.

5. Special Notes/recommendations

Targeted case compliance for Emergency Preparedness Plan completed. No updates required. Plan remains up to date and accurate.
