CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance check with Registered Child Development Home Category B provider Meghann Solis on 9/3/2025. Meghann has been involved with child care for more than 15 years, including 3 years working at a licensed child care center. Meghann continues using her main floor only in the 2 story house. Her current certification period runs through 8/31/2026. Meghann had 7 children in care during the time of our visit. The Clarion area is in high demand for child care slots. Meghann has no HHS-approved substitutes, and one HHS-approved assistant.

2. Identify Observed Strengths Of The Program

Meghann participates in the IQ4K program as a level 2 provider showing her commitment to quality with her home operation. Meghann uses a fenced section of her back yard for an outside play area, and the children spend regular time outside every day that weather permits. Meghann currently has a young group of children. She maintains a flexible schedule of age appropriate activities including dance/music, arts, crafts, and a health measure of free play. Meghann participates with the Food Program to enhance the quality of her meals and snacks.

3. Identify The Aspects That Fall Below The Standard

N/A

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

5. Special Notes/recommendations

I encourage Meghann to work with Child Care Resource and Referral with any ongoing compliance or training needs. Meghann's CCR&R representative recently left her position. Until a replacement can be found, the agency can be reached at: ccrr@midsioux.org

Meghann had one infant under 12 months of age who was awake during our visit. We reviewed safe infant sleeping policies.
