CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Angie Fleenor on 5/21/2026. Angie has been involved in child care for 20 years. She continues using the main floor only of her ranch style home. Her primary child care space includes a large, clutter-free living room that opens into her kitchen/dining area. She also has a couple of bedrooms used for napping. Angie had 2 children present during our visit, and cares for a total of 8 children at this time. She has no HHS-approved substitutes or assistants at this time. Angie has one pet bird, and has the required vet statement on file. She uses her open back yard for an outside play area and is due to renew her registration effective 5/31/2027.

2. Identify Observed Strengths Of The Program

Angie has many years of experience in child care and showed good interaction with the children present. She describes her strengths as being adaptable with the changing needs and interests of the children. She has lower numbers and good control of her environment. The children have lots of free-play time every day. Angie uses the "Carol's Affordable Curriculum" with her operation. She receives a regular kit with themes and lots of daily learning activities. Angie also takes the children to the local public library twice a week for their activities and programs. The children have regular outside time as weather allows.

3. Identify The Aspects That Fall Below The Standard

110.9(1)b(1) "Two hours of approved child abuse and neglect mandatory reporter training."
- Angie's Mandatory Reporter training recently expired and needs to be renewed. This correction needs to be in place by 7/24/2026 and will be reviewed during her next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Angie was in compliance having a plan consistent with her current operation.

I encourage Angie to work with Cassie Strickler from Child Care Resource and Referral with any ongoing compliance or training needs.
Cassie can be reached at: (515) 782-3688

Angie had no infants under 12 months of age in care during our visit, but does have one. She has pack-n-plays for napping and we reviewed safe infant sleeping policies.
