1. Basic Overview

Laurie McGarry is a CDH Category B provider, living in Knoxville. She has been a registered daycare provider since 2011. Laurie lives in a 2 story house but only uses the main floor area for her child care operation. Laurie provides care to children of all ages.

2. Identify Observed Strengths Of The Program

Laurie MaGarry currently provides care from 4am to 6pm. She is watching children that range in age of 18 months to 7 years old. She was able to locate trainings for me and provide care all of the daycare children. Laurie uses timeouts for discipline. We reviewed all safe sleep regulations. Laurie does not have any infants enrolled but does have pack and plays,

if needed. Laurie said the daycare children enjoy playing with toys, coloring and playing with a Nex Playground is the active video play system. Daycare children play outside on the side yard and back yard.

3. Identify The Aspects That Fall Below The Standard

All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
Pet birds are purchased from an approved dealer. Examined by a veterinarian to verify free of infectious diseases. Children are not allowed to handle pet birds.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.
110.9 (4) a : Identifying information including, at a minimum, the child's name, birth date, parent's name, address, telephone number, special needs of the child, and the parent's work address and telephone number.
110.9 (4) b : Emergency information including where the parent can be reached, the name, street address, city, and telephone of the child's regular doctor, and the name, telephone number, and relationship to the child of another adult available in case of emergency.
110.9 (4) c : A signed medical consent from the parent authorizing emergency treatment.
110.9 (4) d : For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance.
For school-aged children: On the first day of attendance, a statement of health status signed by the parent or legal guardian or admission physical examination that is not more than 12 months from the child's first day.
110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
For school aged children: An annual statement of health condition signed by the parent or legal guardian, annually from date of statement of health or admission physical.
110.9 (4) f : For each school-age child, record of a physical exam completed at the time of school enrollment or since.
110.9 (4) g : A signed and dated immunization certificate provided by the state Department of Public Health.
110.9 (4) i : Documentation signed by the parent which names persons authorized to pick up the child, their telephone number, and relationship to the child.
110.9 (4) j : Written permission from the parent(s) for their child to attend activities away from the child development home.
110.9 (4) k : Injury report forms to document injuries requiring first aid or medical care.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. All household pets need updated vet statements completed on the state required form.
2. You recently got a pet bird form a family member. The bird needs to be examined by a veterinarian to verify free of infectious diseases. Children are not allowed to handle pet birds.
3. Fire and tornado drills need to be practiced monthly. Record of these drills need kept for inspection purposes.
4. You were unable to locate your mandatory reporter training and CPR card. A copy of both of these need kept in your child development home for inspection purposes.
5. Please review all daycare children files to ensure they have the required documentations- emergency contact information, pick up and drop off information, emergency medical consent, current physical and immunization records. Physicals need updated yearly.

5. Special Notes/recommendations

I encourage you to continue working with Leah Bauman from Child Care Resource and Referral for any ongoing compliance or training needs.

Emergency preparedness plan met targeted expectations.
