CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Jessica Johnson has been a registered provider since 2021. Jessica is currently a category "C1" Child Development Home Provider. This category allows Jessica to have 8 children in care at one time. Jessica's availability for care is Monday through Friday from 7am to 5pm. Jessica does not provide transportation for families in her care. There are 3 dogs and 1 cat in the Child Development Home. Jessica does have one substitute for the program.

2. Identify Observed Strengths Of The Program

The home has dedicated spaces which are furnished with children's furniture, toys, books, and cribs. There are toys and objects which encourage children to develop large and small motor skills. The providers follow a structured routine which children can predict their environment and activities. The children have group activities, free-play, and access to media depending on the age of children in care. There is a shaded area in the front yard with play equipment for the children to access when the weather allows. Jessica is current with her required trainings as reviewed by the Registration Unit. Jessica has completed Safe Sleep training; this worker reviewed the policy with her and gave her informational flyer. Jessica implements the practice when she has children 12 months or younger in her care. Jessica uses redirection and distraction as her primary behavioral interventions when needed. Corporal punishment is not practiced in the Child Development Home. Children in Jessica's care will receive regular meals and snacks as appropriate. Jessica's provider file and individual child's files are complete, organized, and easily accessible.
