Findings:

The provider had a total of 5 preschool children in her care at the time of the visit in addition to her own preschool age son. The children were exhibiting some challenging behaviors during this visit and the provider maintained her patience and ability to care for the children's needs.

The provider's husband, Shaun, is approved as a substitute. The provider needs to document the hours he is used as a substitute and keep this log in Shaun's personal file.

The provider's dog, Luna, needs to be seen at the vet and have form 470-5153 filled out to document this visit. Luna was last seen at the vet on 9/15/16.

The provider needs to add a bottle of water to the first aid kit.

Shaun, the provider's substitute, needs to provide certificates from health and safety training. This needs to be completed by March 7, 2018.

The provider needs to have updated physicals that have occurred within the last 12 months for all of the children for whom she provides care.
