CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Alyssa Lau on 9/8/2025. Alyssa has been involved in child care for 15 years. Her operation is located in a small town with high demand for child care. The home she uses is designated for child care only. She has one HHS-approved substitutes and no HHS-approved assistants. Alyssa had 5 children in care during the time of our visit. She may request an exception to policy this spring as she anticipates some incoming infants. Alyssa is currently registered through April of 2026.

2. Identify Observed Strengths Of The Program

Alyssa is an organized provider and has the advantage of the entire small home being designated for child care only. The home has lots of space and was clutter free. I saw an excellent example of safe infant sleeping when I arrived. Alyssa has a young group of children. She offers a lot of play-to-learn activities mixed with free play. She makes frequent use of her sensory table. The children have exposure to arts, music, coloring, and significant outside time when weather permits. Alyssa had good control of her environment.

3. Identify The Aspects That Fall Below The Standard

Alyssa was in full compliance.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

I encourage Alyssa to continue working with Phyllis Koester from Child Care Resource and Referral with any ongoing compliance or training needs.
Phyllis can be reached at: (319) 433-7751

I reviewed safe infant sleeping policies with Alyssa. She has cribs and sleep sacks for any napping infants.

HHS Child Development
