- [ ] School Age
- [ ] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Shuquanta has been involved in caring for kids for over 30 years. She has been a registered child development home with the state of Iowa for approximately 2 years. Shuquanta accepts children aged infant through five or six years of age. Shuquanta reports she is available for all three shifts of care Mondays through Fridays. Shuquanta describes her child care setting as one that focuses on love and nurturing while providing a safe environment for children. Shuquanta reports that she helps children grow socially, emotionally, physicially and spirtually. Shuquanta takes children on field trips, including movie days. Shuquanta planted a garden with the kids this year. Shuquanta tied the planting to a theme of planting seeds of kindness.

2. Identify Observed Strengths Of The Program

Shuquanta believes her greatest strength in working with kids is her ability to teach and encourage them. Shuquanta reported she has learned how different all children are and how 'children are people too'. Shuquanta works with kids socially by allowing them to express themselves. Shuquanta believes she is a better provider and grandparent than she was a parent due to all she has learned. Shuquanta utilizes Brightwheel, one of the child care management apps that assists providers in maintaining their paperwork and keeping things organized. Shuquanta is a participant in the CACFP food program for child care providers. As noted above, Shuquanta does activities regularly with the kids, including most recently planting vegetables. Shuquanta has the children assist in caring for and watering the plants.

3. Identify The Aspects That Fall Below The Standard

Nonsmoking signs are posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone number for reporting complaints, and www.iowasmokefreeair.gov.
110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
110.9 (4) g : A signed and dated immunization certificate provided by the state Department of Public Health.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Shuquanta has a non smoking sign in her vehicle but it does not contain the required phone number and website. Shuquanta should contact www.iowasmokefreeair.gov and either print a sign for her vehicle or order signage through the website.
Shuquanta needs physicals and immunization certificates for a couple of enrolled children. Child files will be reviewed again at next year's compliance visit.
Shuquanta's CPR and First Aid has expired. Shuquanta is working on retaking this course.

Shuquanta will send verification of the non smoking sign in her vehicle by 9/14/2026. This can be emailed to kathy.huinker@hhs.iowa.gov or texted to 563-949-6971.
Shuquanta will let this worker know when she is scheduled for the CPR/1st Aid course and send certificate immediately upon receipt.

5. Special Notes/recommendations

Targeted compliance of Emergency Preparedness Plan completed. Plan remains accurate and up to date.
