Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home A conducted on 03/13/2024. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(5)	**Safe Sleep**
441 IAC 110.8(5) "b"	No child shall be allowed to sleep in any item not designed for sleeping including, but not limited to, an infant seat, car seat, swing, or bouncy seat.

Findings:

441 IAC 110.8(5) "b" No child shall be allowed to sleep in any item not designed for sleeping including, but not limited to, an infant seat, car seat, swing, or bouncy seat.

441 IAC 110.8(5) "a" The provider shall follow safe sleep practices as recommended by the American Academy of Pediatrics for infants under the age of one.
Infants shall always be placed on their back for sleep.
Infants shall be placed on a firm mattress with a tight fitted sheet that meets Consumer Product Safety Commission federal standards.
Infants shall not be allowed to sleep on a bed, sofa, air mattress or other soft surface. No child shall be allowed to sleep in an infant seat, car seat, swing, bouncy seat, or items not designed for sleeping.
No toys, soft objects, stuffed animals, pillows, bumper pads, blankets, or loose bedding shall be allowed in the sleeping area with the infant.
No co-sleeping shall be allowed.
Sleeping infants shall be actively observed by sight and sound.
If an alternate sleeping position is needed, a signed physician authorization with statement of medical reason is required.

Suggestions/Recommendations:

A recheck is not needed at this time. The below correction needs to begin immediately. Failure to follow Safe Sleep Policy at all times could result in in your Registration being revoked.

Corrective Action Required:

When this Compliance Worker arrived at the Child Development Home a 4 month old infant was sleeping in a swinging bassinet with a bib on. This worker reviewed the Safe Sleep Policy with the provider. The provider did move the baby to the pack and play right next to the swinging bassinet and took the bib off of the infant. This worker reviewed Safe Sleep Policy a second time and the providers communicated they understood the expectations of Safe Sleep.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at jaringd@dhs.state.ia.us/515-601-9469 if you have any questions regarding this letter.

Sincerely,

Jake Aringdale
