Suggestions/Recommendations:

1. Outlets were observed to not have safety caps on them. Please ensure all electrical sockets are covered when not in use. This needs to be done immediately.

2. Kitchen sink cabinet and any other cabinet which has cleaning products in them need to have child locks on them. This needs to be done immediately.

3. Safe Sleep needs to be practiced at all times for children younger than 2 years old. Pack and Plays or cribs need to be utilized. This needs to be done immediately.

4. The co-provider needs to have up to date training certificates for Mandatory Reporting and CPR in the file or available electronically.

5. The assistants and substitutes need to have a separate file with their required trainings in them.

Corrective Action Required:

A re-check will be made to ensure Safe Sleep is practiced at all times. The above corrections need to be completed by 11/14/2023 and will be reviewed on your next annual compliance check.

I encourage you to work with Heather Sheesley from Child Resource and Referral to make the above corrections and any other compliance or training efforts.
