CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a scheduled Pre-Inspection visit with provider Brenda Langreck on 8/8/2025. Brenda has been involved in child care for over 30 years, with much of that time being registered through the State. Brenda has a ranch style home and uses the walk out basement for her child care space. The home is near the edge of town, but is on public water and sewer. Brenda has no HHS-approved assistants or substitutes. Brenda offers free play as a significant portion of her curriculum.

2. Identify Observed Strengths Of The Program

Brenda has a nice fenced section of her back yard for outside play. She reports they spend lots of time outside weather permitting. Brenda's lower level is designated for child care space and offers lots of open space, and room for numerous activities. Brenda plans to join the Food Program. Brenda's pre-inspection was approved effective 8/8/2025.

3. Identify The Aspects That Fall Below The Standard
