CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Sara is a category C2 provider who has been registered since 2009. She has a co-provider, Emily, as well as three assistants, and two substitutes. There is a fenced in yard for the children to play in. Sara runs a child led, play based program. Sara participates in the food program.

2. Identify Observed Strengths Of The Program

Sara is an experienced provider who is quite conscientious about the work she does. Sara has a clean, well-maintained home, with no safety hazards present. There are plenty of indoor activities for the children including arts and crafts and sensory play. there are numerous aged appropriate and educational toys available. There is playground equipment in the fenced-in back yard. I observed positive, nurturing interactions between Sara and her assistants with the children.

3. Identify The Aspects That Fall Below The Standard

Within six months of becoming registered, children 18 years of age or younger residing in the household must have:
Admission physical exam report.
Immunization certificate. For school age: Documentation of physical exam completed at time of school enrollment or since that time.

One of the provider's children needs an updated physical examination in their file.

110.9 (4) c : A signed medical consent from the parent authorizing emergency treatment.
110.9 (4) g : A signed and dated immunization certificate provided by the state Department of Public Health.
110.9 (4) i : Documentation signed by the parent which names persons authorized to pick up the child, their telephone number, and relationship to the child.
110.9 (4) j : Written permission from the parent(s) for their child to attend activities away from the child development home.

Several children need updated documents in their files.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance
