Licensing Consultant: Amy Lyons **Date:** 09-08-2023

I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

Not applicable. This site commenced operations on 8/23/2022.

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

KCE Champions LLC operates multiple school-age childcare programs within the Cedar Rapids Community School District. Specifically, KCE Champions LLC @ Van Buren Elementary School is located inside Van Buren Elementary School which is part of the Cedar Rapids Community School District. The program primarily operates Monday through Friday before and after school hours 6:30am to 6:00pm. KCE Champions does have the ability to extend hours on scheduled early release days, emergency late start days, and emergency early-out days. During the summer, full days of emergency closing (example snow day), and some breaks (holiday and spring), this site has the ability to operate full days and/or combine for full days of care at another KCE Champions LLC location. KCE Champions LLC @ Van Buren Elementary School serves only school-age children. Current enrollment is 38. While enrollment exceeds capacity, there shall never be more than 16 children present on-site at any given time.

Stacy Jones became a Champions multi-site director in July 2023. Ms. Jones has a year experience working in childcare at Champions, a MBA in business administration and participates in child development related training. As of the 2023 annual monitoring visit, this program does not have a qualified on-site supervisor.

On 8/24/2023, program space was observed.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

KCE Champions LLC @ Van Buren Elementary School is located inside an elementary school in a predominantly urban neighborhood. The profit program provides a variety of early learning and childcare opportunities as well as accepts many different of funding sources to help meet the needs of children and families throughout the community.

KCE Champions LLC @ Van Buren Elementary School has established the following website for families and the community to learn more about the program: https://crschools.us/students-and-families/quick-links/champions/.

According to the family and employee handbook, the philosophy of KCE Champions LCC is that "...learning is meant to be a natural, joyful experience. Our goal is to help your child develop socially, emotionally, physically, and intellectually. Children thrive when the process of discovery is lovingly encouraged and gently reinforced..." KCE Champions LCC is a division of KinderCare Education. The history of how KCE Champions LLC came to fruition and evolved to present day (including 1969 KinderCare Learning Centers founded, 1998 corporate headquarters moved from Montgomery Alabama to present-day Portland Oregon, 2003 KCE Champions LLC joins KinderCare Education, 2013 KinderCare launches its Early Foundations proprietary curriculum) is impressive. KinderCare Education serves more than 186,000 children in 40 states, and Champions specifically serves more than 40,000 of those children in 21 states and Washington, D.C. Champions partners with principals, teachers, and parents to create more than 600 before- and after-school and year-round learning environments.

In 2021, KinderCare Education earned a fifth Gallup Exceptional Workplace Award - one of only four companies worldwide to receive this aware five years in a row. Champions has made a continuous commitment to earn and re-earn

Corporate Accreditation from Cognia a global leader in advancing excellence in education through accreditation.

Since the last review, the program obtained a new multi-site director Stacy Jones. Ms. Jones has been employed with Champions for over 1 year and is working to build systems of organization as the new director. Management continues to become familiar with licensing guidelines as well as their own policies and procedures.

KCE Champions LLC management discussed how they provide professional staff hiring and onboarding as well as holds regular staff meetings to review policies and procedures while offering support to staff. KCE Champions LLC management discussed how they have a great team of employees that are willing to travel to different sites and help out in various capacities as needed. A staff who identified herself as the person in-charge talked about how she is already working to establish structure and routine which she believes will allow for a calm program environment.

KCE Champions LLC has established and is working to maintain optimal communication between the program/staff and families. The program has a parent-staff/program information center, utilizes technological communication resources, and supports family programming activities. On 8/16/2023, KCE Champions LLC sponsored a "Champions Family Night" at Morgan Creek Park with food, face painting and more to welcome new and returning families to the upcoming school-year.

KCE Champions LCC school-age curriculum focuses on six content areas that research shows enhance school-age children's growth and development as well as help build the essential skills needed to be successful in elementary school and beyond: Character Development, Community, Creative Expression, Executive Function, Inquiry-Based Learning, and Literacy. The program provides child interest areas in creative arts, literacy, math and construction, puzzles and games, and science. Daily fitness, healthy eating, and homework assistance (as needed) are part of the program's operations. There are additional opportunities offered for enrichment clubs and Junior Counselor leadership roles for older school-age students. Summer/extended breaks curriculum is also enhanced with guest speaker events and off-site field trips.

KCE Champions collaborates well with many community partners including the Cedar Rapids Community School District, Kids on Course, local businesses, CCR&R, and health professionals. School custodial staff, school administration, school nurse, and school food service personnel help ensure the children's space is sanitary and hazard free each day. The school kitchen is inspected at least annually by the health department. The school kitchen provides all food items for the childcare program. There is an AED onsite.

Each child is engaged in a daily health check upon arrival for early detection of apparent illness, communicable disease, or unusual condition or behavior which may adversely affect the child or the group. The program has access to products for cleaning, disinfecting and sanitizing.

On the day of the monitoring visit, on-site materials were observed. Staff discussed how much of their materials had been in storage during summer 2023 and continued efforts to set up the program space was underway. Activities observed included after-school greeting/gathering, crafts, daily routines, and games.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

109.4(3)a: Required postings.
- Numerous postings were either missing or not updated including daily schedule, lesson plans, menu, and license.

109.6(2): Director or on-site supervisor on-site during the hours of operation or a minimum of six hours of center's hours of operation. Information on on-site supervisor's qualifications is submitted to the consultant prior to employment and is sufficient to make a determination. On-site supervisor meets qualifications or is "qualifiable" with a plan established to meet qualifications.
- The program has no qualified director and/or on-site supervisor present during hours of operation or for a minimum of six hours of the program's operations. While staff Leslie Loffer identified herself as the OSS, insufficient information has been received to determine if she is qualified and/or qualifiable.

109.6(6)c: Center repeats Iowa record checks at a minimum of every two years or when aware of additional child abuse or criminal history that occurs.
- Staff file reviewed (LL) lacked documentation that an Iowa record check has been completed including results received.

109.6(6)d: Center repeats national criminal history checks at a minimum of every four years or when aware of additional history that occurs.
- Staff files reviewed (LL, AB) lacked documentation that a federal record check has been submitted.
- Staff file reviewed (AB) further lacked documentation of results of a federal record check with hire date being fall, 2022.

109.9(1)d: All files contain a pre-employment physical exam report completed within six months prior to hire and at least every three years. Physical exams shall be documented on form 470-5152, Child Care Provider Physical Examination

Report.
- Staff file reviewed (LL) lacked documentation of a physical exam with TB screening/testing.

109.9(2): All files are updated at least annually and when a change occurs.
- Child files reviewed (AS, ES) lacked documentation of an annual update.

109.9(2)c: All files contain information regarding the specific health and medical needs of a child including information regarding any prescribed treatment. For school-age programs in the child's school, all files include a statement signed by the parent that the immunization information is available in the school file.
- Child files reviewed (AS, ES) lacked documentation of a current annual health statement.

109.11(3)a: Center shall ensure that: Facility and premises are sanitary, safe, and hazard free. Adequate indoor and outdoor space is provided. The outdoor area shall include safe play equipment and area of shade. Sufficient space provided for dining. Sufficient lighting shall be provided. Sufficient ventilation. Sufficient heating. Sufficient cooling. Sufficient bathroom and diapering facilities. Equipment, including kitchen appliances, are maintained so as not to result in burns, shock, or injury to children. Sanitation and safety procedures for the center are developed and implemented to reduce risk or injury or harm to children and reduce transmission of disease.
- A toilet located in the female portable restroom regularly bubbles up when flushed splashing persons, their clothing and the floor. This is a sanitation issue. Remedy.
- There is a gap in the secondary exit door leading out of the portable to the playground. This allows for intrusion of pests including vermin and insects. Remedy.
- Children's personal items shall be stored separately and off the floor to help with sanitation and prevent the transmission of illness as well as possible insects (e.g. lice, bed bugs).

V. SPECIAL NOTES/RECOMMENDATIONS:

Please note an administrative change. Total capacity of this program has decreased to 16. Staff denied having access to the school cafeteria and school gymnasium every day M-F during childcare hours. Since the last review, the program does have access to both sides of the school portable. However, "Kids on Course" and the school are using areas of the portable to store items (e.g. broken table, laminating machine, cabinets) which is not allowed to be counted in usable floor space.

During the 2023 monitoring visit, licensing discussed with staff the requirement of a monthly fire drill, monthly tornado drill and monthly outdoor play area inspection as well as several other items. Staff did not know these items needed to occur and/or be documented each month. Licensing understands the 2023-2024 school-year just commenced and this site has resumed operations again after being closed for summer break. However, the lack of program space preparation and staff orientation before commencing again is concerning. Management needs to conduct a walk-through of each site prior to reopening after each extended break to ensure proper placement of materials/furnishings, ensure required postings are up, ensure all staff are oriented to the location/building, and so on. This is particularly needed when there are new staff (e.g. brand new to licensed childcare, brand new to Champions' policies and procedures).

A referral to Child Care Resource and Referral (CCR&R) for technical assistance has been made.

Corrections to this report (e.g. scan/email documentation, photographs) shall be forwarded to licensing in their entirety within 90 days of receipt of this report. Failure to do so may impact the status of your license.

_____
The program's license remains in full status.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
