CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Dawn Langreck on 9/5/2025. Dawn has been involved in child care for more than 30 years, and is currently registered through 7/31/2027. Dawn had 5 children in care during the time of our visit, and continues her operation in an area where child care demand is high. Dawn uses her main floor and one room in a basement level that includes an egress window with a step system. Dawn's home is in a rural setting and uses a private well as a water source. The most recent well test was conducted in May of 2025 and showed the water source to be safe. Dawn has no HHA-approved substitutes, and one HHS-approved assistant.

2. Identify Observed Strengths Of The Program

Dawn has reduced the number of kids in care from previous visits, and control of her environment was good. She describes her curriculum as free-play based with activities mixed into the schedule. Dawn has regular contact with her CCR&R representative. She participates in the Food Program to enhance the nutrition of her snacks and meals. Her child care space is open and offers a lot of space for the children.

3. Identify The Aspects That Fall Below The Standard

110.8 (1) g : Has not less than one 2A 10BC rated fire extinguisher in a visible and readily accessible place on each child-occupied floor.
- Dawn needs to re-charge or replace the fire extinguisher in her basement level room.

- Dawn's CPR/First Aid had expired. She has completed the on-line portion of her renewal, though needs to finish the in-person skills demonstration.

110.9 (2) b : Within six months of approval, a Physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, which is repeated at least every three years.
- Dawn needs to obtain a certificate of the Mandatory Reporter Training for her assistant Kalyse to have on file.

The above corrections need to be in place by 12/15/2025 and will be reviewed during her next visit. No re-check is required at Dawn's operation.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

I encourage Dawn to continue working with Phyllis Koester from Child Care Resource and Referral with any ongoing compliance or training needs.
Phyllis can be reached at: (319) 433-7751

Dawn currently has no infants under 12 months of age in care. We reviewed safe infant sleeping practices for future reference.
