CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category A provider Jennifer DiOrio on 7/30/2026. This was Jennifer's first compliance check since becoming registered, she has been involved with child care for 1 year. Jennifer only cares for one outside child at this time but is starting a new infant in the near future. She uses the main floor only of her 2 story home. Jennifer has one dog, and has a current vet statement on file. She uses her open back yard for an outside play area. Jennifer is due to renew her registration effective 5/31/2027.

2. Identify Observed Strengths Of The Program

Jennifer describes her strengths as having good interaction and individualization with each child. She also has good correspondence with the parents. Jennifer has low numbers allowing for good attention to the children. She currently has a small and very young group of children. She plans to have a curriculum that involves traditional activities such as colors, numbers, and learning. She stresses independent play with the kids in her care. They have lots of outside time as weather and age allow.

3. Identify The Aspects That Fall Below The Standard

Jennifer was in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Jennifer was in compliance having a plan consistent with her current operation.

I encourage Jennifer to work with Jami Menke from Child Care Resource and Referral with any ongoing compliance or training needs.
Jami can be reached at: (515) 573-0029

Jennifer has no outside children under the age of 12 months at this time. We reviewed safe infant sleeping policies for future reference.
