CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Destiny Pattschull on 8/20/2026. Destiny has been involved in child care for 9 years. She continues using the main floor only of their ranch style slab home. The primary space is the open living room/dining room and one of the bedrooms. Destiny has a series of gates that allow her to control what rooms children have access to. She had 9 countable children present during our visit and cares for a total of 11 at this time. Destiny has an exception to policy allowing her a 9th under school age child through 3/31/0227. She has one HHS-approved substitute and 2 HHS-approved assistants. Destiny has a fenced front/side yard for her outside play area. She has 2 dogs, both with current vet statements on file. Destiny is due to renew her registration effective 3/31/2028.

2. Identify Observed Strengths Of The Program

Destiny has put in the extra work and achieved her certification as an IQ4K Level 2 provider. She uses the Playground child care application for most aspects of her files, paperwork, and billing. She participates in the Food Program to enhance the nutrition of her snacks and meals. Destiny works closely with her CCR&R representative and has done well in maintaining her compliance items. She describes her curriculum as mostly play-based with a daily craft session with all of the children. Destiny offers regular outside time, and she has used some of her grant money to enhance her outdoor play space. The fenced area of the yard is divided and offers a large sand area, a turf space, and different levels of playground equipment. These sections are separated by gates, allowing her to control access for different age children.

3. Identify The Aspects That Fall Below The Standard

Destiny was in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Destiny was in compliance having a plan consistent with her current operation.

I encourage Destiny to continue working with Julia Green from Child Care Resource and Referral with any ongoing compliance or training needs.
Julia can be reached at: (515) 202-1830

Destiny had 2 infants under 12 months of age in care during our visit who were awake. She has cribs for napping and we reviewed safe infant sleeping policies.
