Dear Child Care Provider:

This letter is in regards to the pre-inspection visit at your residence in which you are seeking child development home registration conducted on 07/21/2023. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1)	**Facility Requirements**
441 IAC 110.8(1)“g”	The home shall have at least one 2A 10BC rated fire extinguisher located in a visible and readily accessible place on each child-occupied floor.

Findings:

441 IAC 110.8(1)“g” The home shall have at least one 2A 10BC rated fire extinguisher located in a visible and readily accessible place on each child-occupied floor.

Suggestions/Recommendations:

Candy needed a 2A10BC rated fire extinguisher for her second level. Candy's daughter went to purchase an extinguisher and returned with it prior to this worker leaving.

Corrective Action Required:

All pre inspection requirements are met for Candy's change of address. Pre inspection approved.

I encourage you to continue working with Lori Mueller of Child Care Resource and Referral with any ongoing compliance or training needs.
