Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home A conducted on 03/22/2017. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1) **Facility Requirements**

- 441 IAC 110.8(1)“ n” Providers shall inform parents of the presence of any pet in the home.
1. Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal’s routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).
 2. Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that it is free of infectious diseases. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. Children shall not handle pet birds.
 3. Aquariums shall be well maintained and installed in a manner that prevents children from accessing the water or pulling over a tank.
 4. All animal waste shall be immediately removed from the children’s areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.
 5. No animals shall be allowed in the food preparation, food storage, or serving areas during food preparation and serving times

441 IAC 110.8(4) **Emergency Plans**

- 441 IAC 110.8(4) “b” The provider must have procedures in place for the following:
1. evacuation to safely leave the facility
 2. relocation to a common, safe location after the evacuation
 3. shelter-in-place to take immediate shelter where you are when it is unsafe to leave that location due to the emergent issue
 4. lock down protocol to protect children and providers from an external situation
 5. communication plan and plans for reunification with families
 6. continuity of operations plans
 7. Procedures to address the needs of individual children, including those with functional or access needs

441 IAC 110.9 Files

441 IAC 110.9(1)

A provider file is maintained and shall contain the following:

441 IAC 110.9(1)“ b” (1) I-PoWeR records or certificates verifying required training completion:

Prior to registration:

- minimum health and safety training, approved by the Department, in required content areas
- Iowa’s Mandatory Child Abuse Reporter Training

Prior to registration: First Aid and Cardiopulmonary resuscitation. Provider shall maintain a valid certificate indicating date of training and expiration date.

During each two year registration period, the provider shall receive a minimum of 24 hours of training from approved content areas. A provider shall not use a specific training or class to meet minimum continuing education requirements more than one time every five years

A provider who submits documentation from a child care resource and referral agency that the provider has completed the Iowa Program for Infant/Toddler Care (IA PITC), ChildNet, or Beyond Business Basics training series may use those hours to fulfill a maximum of two years’ training requirements, not including first-aid and mandatory reporter training

Findings:

Per our 3/22/17 spot check visit, the following corrections need to be made as described in the policy sections above:

1. You need to obtain a current vet check for your dog to be kept on file. This needs to be completed on the State form that I shared with you and needs to be renewed every year.
2. You need to complete the Emergency Preparedness plan for your operation. As we discussed, working on this with Kelly Phelps from CCR&R would be very helpful to you.
3. You need to obtain current certification in the Mandatory Reporter training and have verification of this on file. This training needs to be renewed every 5 years.

Suggestions for Improvement:

Recommendation:

The above corrections need to be in place by 5/23/17. Though I will not be conducting a re-check at your home, I will review these corrections during our next spot check visit.

[] Is the recommendation to terminate a provider agreement or revoke a registration?

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Based on the items out of compliance listed above, you will not be required to have a recheck or follow up visit to your home.

Please do not hesitate to contact me at DHS at (515) 268-7106 if you have any questions regarding this letter.

Sincerely,

Earl Crow
