CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Marc and Julie have been involved with child care for over 20 years now. Marc is currently caring for family members only. Marc is not accepting new enrollments at this time. Marc did not have any children in care on the date of the visit. Usually Marc's wife Julie is also present during compliance visits, however, she was not today. Marc did a nice job of locating required paperwork, answering questions related to his child development home and providing the tour of the physical environment.

2. Identify Observed Strengths Of The Program

Marc enjoys helping kids in his care and teaching them. Marc and Julie work well together in terms of caring for children. Marc is a participant in the CACFP food program for child care providers. Marc is aware of available resources such as Child Care Resource and Referral and works with them as needed to improve the quality of his child care environment.

3. Identify The Aspects That Fall Below The Standard

All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
The first-aid kit shall, at a minimum, include adhesive bandages, bottled water, disposable tweezers, and disposable plastic gloves.
Any medication provided to a child shall be recorded indicating the name of the medication, date, time, and amount given.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Marc needs HHS pet forms for Tiny, Millie, and Oreo.
Marc needs gloves for his first aid kit.
Marc needs to locate HHS completed background check letter for himself, household members, and Julie.
Marc administers medications to one child, but could not locate required completed medication forms.

Marc will send verification of the above items to Kathy by 11/1/2026. Items can be emailed to kathy.huinker@hhs.iowa.gov or texted to 563-949-6971.

5. Special Notes/recommendations

Targeted compliance of Emergency Preparedness Plan completed. Plan remains accurate and up to date.

6. ADDENDUMS:

- Addendum1: Marc's annual compliance visit was completed on 9/14/2026. At that time, he was missing a few items. Marc and Julie submitted Tiny's pet record on 9/18/2026 via text, date of exam 9/9/2026. Gloves were added to their first aid kit and a picture confirming this was sent to this worker on 9/18/2026 via text. On 9/20/2026 photos of their medication log were sent to this worker. Marc and Julie located their HHS completed background check letters and photos of these were received on 9/21/2026. On 11/3/2026, cat Oreo's pet exam was sent to this worker. This was the last item needed. Marc is now fully compliant with rules and regulations for his child development home.

This Addendum is approved by supervisor on 11/3/2026
