CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Jenny Moon has been providing childcare since 2000. She reported she left work in a different field and opened her childcare. Currently she is providing childcare mostly afterschool hours and weekends. The provider does work another job, but works a hybrid schedule. The provider is involved in the wages program. She is not currently IQ4K rated. The provider does work with the food program. The childcare home and the provider's paperwork was organized. It was easy to find all necessary information for compliance.

2. Identify Observed Strengths Of The Program

During the time of this visit, the provider did not have any children in care. We discussed the hours she provides care and her general routine.

The provider reported that usually they do a small snack when the children arrive. They get outside if the weather permits or the provider has toys and activities available. They have dinner and play until pick up, or until time to lay down, for the children that stay later into the evening.

The home has ample space for the children to play inside when they cannot be outside.

3. Identify The Aspects That Fall Below The Standard

Pet forms
All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.

**One pet form is not current. The provider will be taking in this pet in the next month.
Please send photo of completed form to 712-435-0576 by December 2, 2025.

Child files:

110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
For school aged children: An annual statement of health condition signed by the parent or legal guardian, annually from date of statement of health or admission physical.

**The provider is in need of updated parent statement of health form on a couple of files.
Work with your families to have them fill this out.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

5. Special Notes/recommendations

Compliance staff also discussed emergency preparedness planning and current legislative updates with the provider.
