Dear Child Care Provider:

This letter is in regards to the pre-inspection visit at your residence in which you are seeking child development home registration conducted on 06/16/2025. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1)

Facility Requirements

441 IAC 110.8(1)“ e”

Annual laboratory analysis of a private water supply shall be conducted to show satisfactory bacteriological quality. When children under the age of two are to be cared for, the analysis shall include a nitrate analysis. When private water supplies are determined unsuitable for drinking, commercially bottled water or water treated through a process approved by the health department or designee shall be provided.

Findings:

441 IAC 110.8(1)e: Private water sample.

Suggestions/Recommendations:

I encourage you to work with Child Care Resource and Referral for ongoing child care needs.

Corrective Action Required:

Heather does not have a completed private water sample yet. Heather has bottled water for use and agreed to a safety plan that she would only provide bottled water until the water sample came back indicating it was safe.

Approving pre inspection effective today 6/16/2025.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 563-949-6971 or kathy.huinker@hhs.iowa.gov if you have any questions regarding this letter.

Sincerely,

Kathy Huinker
