I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

An unannounced licensing visit was made to Roosevelt Kids & Company on 9-30-2024. The program is located in Roosevelt Elementary School - in the gym. Before and after school care for preschool age children to fifth grade is provided. Full day programming is also offered on in service day and during the summer - for these days the site programs are consolidated at fewer locations. Tim Kaczmarek is the on-site supervisor, he began working at this site in November 2022. There are 80 children enrolled in the program.
I met with Tim Kaczmarek during my visit.

Observation of room:
The program is held in the gym/cafeteria. Forty two children and four staff were present. The children were having fun playing in the activity centers. Staff had excellent interactions with the children, they were positive and attentive to then needs of the children. The center has lesson plans/activities.
The program has a fun variety of age and developmentally appropriate toys and equipment. The program has a nice storage/office area.

Nutrition:
Nutrition services through the school provides the daily snack. The center participates in the federal food program. Breakfast is provided through the school. Menus were posted.

Health and safety:
The medication management procedures are followed when children are prescribed medication and the program has the medication log. Monthly Fire/tornado drills are practiced and documented. Since you are in a school the Department of Education is responsible for making sure radon testing is completed and DHHS child care licensing no longer tracks the radon testing. Make sure you have the annual fuel burning inspection/boiler inspection.

Playground:
The center uses the school playground. Monthly playground inspections were completed.

Transportation:
The center doesn't provide daily transportation. When the center goes on field trips a school bus is used.

Administrative records:
Staff files were read on a previous date and were in good order.
Child files were read - some registration forms didn't print the doctors name, please review the child files and add the doctors name as needed.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

Tim Kaczmarek and staff were very helpful during my licensing visit.

The center began uses the Brightwheel child care app.
Staff had excellent interactions with the children, they were positive and attentive to the needs of the children.
Molly meets with staff on a regular basis and ongoing staff training is provided.
