Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home B conducted on 02/11/2020. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(4)**Emergency Plans**

441 IAC 110.8(4)

Emergency Plans: plans in case of man-made or natural disaster shall be written and posted by the primary and secondary exits. The plans shall clearly map building evacuation routes and tornado and flood shelter areas.

Findings:

1. Provider needs to post the emergency and disaster plans for fire and tornado by primary and secondary exits. The plans shall clearly map building evacuation routes in case of fire, a safe place indoors in case of tornado, and flood shelter areas. Provider states that a child ripped it down and she just needs to re-post.

Suggestions/Recommendations:

Corrective Action Required:

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.
