CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Angie has been providing child care services for approximately 21 years now. Angie provides first shift child care Mondays through Fridays. Angie is caring for three children currently and not accepting new enrollments at this time. Angie describes her child development home as 'play-based and child-led'. Angie states that she fills the needs for working parents and gives the children a safe place to be. Angie has a regular routine that includes table time, painting and/or crafts, kindergarten readiness activities, outside whenever possible, and free play. Angie enjoys taking the children to nearby parks to play.

2. Identify Observed Strengths Of The Program

Angie believes her greatest strength in working with children is that she is flexible with families and children alike. Angie adds that she 'understands the importance of real play for kids' rather than a strict structured curriculum environment. Angie maintains her paperwork and stays up to date with required compliance items. Angie's home is appropriate and safe for children of varied developmental ages and stages. Angie does have a camera to the playroom which allows her to see the children if she steps away briefly. Angie is engaged with the children and regularly is observed interacting with them, nurturing them, and offering choices for activities.

3. Identify The Aspects That Fall Below The Standard

110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
110.9 (4) g : A signed and dated immunization certificate provided by the state Department of Public Health.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Angie needs an updated physical/immunization certificate for one child and needs immunization record transferred to state of Iowa immunization certificate for another child.

Child files will be reviewed again next year and are not required to be submitted.

5. Special Notes/recommendations

Targeted case compliance of Emergency Preparedness Plan completed - plan remains up to date and accurate. No changes required.

HHS Child Development
Home Compliance Worker: Kathy Huinker Date: 4/22/2026

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.
