	DENIAL of initial application
	SUSPENSION of license
	REVOCATION of license

Licensing Consultant: Amy Lyons **Date:** 10-19-2023

I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

Not applicable.

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

Alburnett Pirate Preschool commenced operations on 8/29/2022. This program previously operated and was licensed from fall 2018 through spring 2020. Alburnett Pirate Preschool is located inside Alburnett Elementary School which is part of the Alburnett Community School District. Pirate Preschool offers a 2-day program (M/W or T/Thurs) for 3yo children. Current enrollment is 16.

Alburnett Elementary School principal and director of Pirate Preschool is Bailey Wright. Ms. Wright has been the director since August 2023. Ms. Wright has a MA degree in PreK-12 principalship with a BA in elementary education, several years experience working with children, and continues to participate in much child development related training. Lead 3yo preschool teacher is Adeline Finley. Ms. Finley has begun her second year with the 3yo preschool.

On 9/13/2023, program space was observed.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

Alburnett Pirate Preschool provides an early childhood preschool option for 3-year-old children in the community. The program is located in a predominantly rural community.

According to the program's written family handbook, the mission of Alburnett Pirate Preschool "...is to form a partnership between school staff, parents, and community, is to prepare students to be lifelong learners who can become successful, productive future citizens. This will be accomplished by recognizing the value of each individual and promoting academic and personal growth in a challenging and caring preschool environment..."

Alburnett Pirate Preschool has the following website for families and persons in the community: http://alburnettcsd.org/.

Since the last monitoring visit, the preschool obtained a new director. While Ms. Wright is new to this role, she has been with the Alburnett Community School District for several years. Management (e.g. school district, Ms. Wright, Ms. Finley) is organized, and in turn, the program operates smoothly. Alburnett Pirate Preschool has systems of organization in place to help ensure administrative items are completed and maintained as required. The 3yo preschool lead teacher Ms. Finley has been with the program since fall 2022. The classroom assistant has also been with the program since October 2022. Ms. Finley discussed having many high school students who will visit the preschool when their schedules allow as well as having several family volunteers. Ms. Finley talked about the co-planning she's able to do with the 4yo statewide preschool program and kindergarten staff.

Alburnett Pirate Preschool is part of the Alburnett Community School District. The preschool operates under a (school) board of directors. Alburnett Pirate Preschool has a collaborative partnership with the school district. The school building and grounds are well-maintained. School custodial staff, school administration, school nurse, and school food service personnel help ensure the children's space is sanitary and hazard free each day. The school kitchen is inspected at least annually by the health department. There is an AED on-site. The program has regular access to the school gymnasium for

large gross motor activities.

Since the last review, the 3yo preschool classroom has been rearranged in a thoughtful manner keeping learning at the forefront. Ms. Finley talked about some new materials that were obtained including puzzles, building items (Unique stacking flowers which allowed for spirited child-staff discussion about stopping to smell the flowers!), and various other manipulatives. Furnishings and materials are child accessible, in good repair and encourage innovation and playful learning. Alburnett Pirate Preschool uses a curriculum which incorporates a combination of Creative Curriculum, Handwriting without Tears, Read it Again, and teacher inspired ideas. Communication between children and staff is enhanced with verbal cues, picture cues, and sign language.

Alburnett Pirate Preschool has emergency plans, policies, and procedures in place which are reviewed annually and updated as needed. The program has successfully navigated through the 2019 Polar Vortex, 2019 pandemic, and 2023 compromised air quality incidents.

Alburnett Pirate Preschool continues efforts at optimal communication between the program/staff and families. The program has organized parent-staff/program information centers, offers regular preschool/school newsletters, utilizes technological communication resources, and supports family programming activities. Family programming activities have included parent/program conferences, seasonal activities, and open house. The preschool is included in the planning of the school's active Parent Teacher Organization (PTO).

Pirate Preschool has much community support and encourages partnerships with local businesses.

Each child is engaged in a daily health check upon arrival for early detection of apparent illness, communicable disease, or unusual condition or behavior which may adversely affect the child or the group. Staff were observed encouraging and engaging in hand washing at all levels. Staff encouraged children to "catch coughs" and "catch sneezes" in elbows. The program has policies and procedures for cleaning, disinfecting, and sanitizing. Cleaning reminders were observed to be posted.

On the day of the monitoring visit, staff were nurturing and attentive to the children's needs. Areas of study included welcome to preschool and upcoming fall season. Preschool activities observed were many including morning discussion (e.g. classroom rules, the day's events), "bucket" and book learning, and outdoor large gross motor play. Staff provided a companionable presence allowing children to have many choices in their playful learning experiences. Routine transitions (e.g. clean up activities, food service rituals with book reading "The Perfect Hug" while snacking) worked smoothly into the program's welcoming and cooperative play environment. During a mass restroom break with hand washing prior to snack, staff was overheard encouraging good hand hygiene as well as talking with children about looking both ways before crossing the hallway to wait for their friends to finish up. Many words of encouragement could be heard throughout the monitoring visit. Children responded well to staff and appeared comfortable at the program.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

None noted.

V. SPECIAL NOTES/RECOMMENDATIONS:

Ensure a fire drill and a tornado drill are being completed and documented each month as required.

Ensure RP's physical exam is placed into respective child file upon receipt.

The poured cushion surfacing on the outdoor playground, which was installed in 2022, clearly promotes outdoor play among preschool-age children of differing abilities. Please also consider installing additional inclusive outdoor play equipment further supporting preschool-age children's different levels of physical and social ability.

_____

The program's license remains in full status. Thank you for the visit.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
