## CHILD CARE ANNUAL EVALUATION

**1. Basic Overview**

I conducted a compliance visit with Registered Child Development Home Category B provider Kaye Kozelka on 8/8/2025. Kaye had only 3 children in care the day of our visit. She reported having several teacher's kids returning with the start of the school year. Kaye continues to use primarily basement level of her ranch style home for her child care operation. The basement has a walk out entrance to the outside. Kaye has no HHS-approved substitutes, she has one HHS-approved assistant. Faye has been active as a Registered provider since 8/2009. Her current certification runs through 7/2027.

**2. Identify Observed Strengths Of The Program**

Faye has an open design lower level dedicated to her child care operation. The children have regular outside time when weather permits. Kaye maintains low numbers of children in the summer when teacher's kids are at home. This provides good control of her environment and lots of attention to the children. Kaye offers a lot of free play, and includes regular art projects/coloring.

**3. Identify The Aspects That Fall Below The Standard**

**4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance**

**5. Special Notes/recommendations**

I encourage Faye to work with Phyllis Koester from Child Care Resource and Referral with any ongoing compliance or training needs.
Phyllis can be reached at: (319) 433-7751

There were no infants under 12 months of age during the time of my visit. Faye and I reviewed safe infant sleeping policies. She has several pack-n-plays available for infant napping.
