CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Lexus is a Category C2 provider with a co-provider as well as a substitute/assistant. She participates in the food program. She has a fenced in back yard and deck for the children to play in. There is a lot of outside play equipment.

2. Identify Observed Strengths Of The Program

Lexus's home is clean and well maintained. There were no safety issues observed. Lexus reports she likes to keep the children busy with reading, crafts, outside activities, and going to the park. I observed positive interactions between Lexus and the children. She is able to redirect patiently and respectfully.

3. Identify The Aspects That Fall Below The Standard

110.9 (4) d : For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance.
110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.

A couple children need updated physical examinations in their files.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance
