Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home B conducted on 10/11/2018. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

**441 IAC 110.8(1) Facility Requirements**

441 IAC 110.8(1)“ a” The home shall have a nonpay, working land-line or mobile telephone with emergency numbers posted for police, fire, ambulance, and the poison information center. The number for each child’s parent, for a responsible person who can be reached when the parent cannot, and for the child’s physician shall be written on paper and readily accessible by the telephone. The home must prominently display all emergency information, and all travel vehicles must have a paper copy of emergency parent contact information

441 IAC 110.8(1)“ n” Providers shall inform parents of the presence of any pet in the home.

1. Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal’s routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).
2. Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that it is free of infectious diseases. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. Children shall not handle pet birds.
3. Aquariums shall be well maintained and installed in a manner that prevents children from accessing the water or pulling over a tank.
4. All animal waste shall be immediately removed from the children’s areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.
5. No animals shall be allowed in the food preparation, food storage, or serving areas during food preparation and serving times

**441 IAC 110.8(3) Medications and Hazardous Materials**

441 IAC 110.8(3)“ a” All medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child

441 IAC 110.9 Files

**441 IAC 110.9(1) A provider file is maintained and shall contain the following:**

441 IAC 110.9(1)“ a”

A physician’s examination report for the provider and all members of the provider’s household aged 18 years or older. Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) “d”, 110.9(4) “f”, and 110.9(4) “g”

  - 2.** The written report shall include past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary.
  - 3.** For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physical examination report.
  - 4.** The examination report or statement of health status shall be on file before the child’s first day of care

Findings:

Per our 10/11/18 spot check visit, the following corrections need to be made as described in the policy sections above:

1. You need to post your emergency parent contact phone numbers and information. I suggest using the Phone Numbers sheet I shared with you.
2. You need to obtain a current vet statement for your dog and for the recently acquired bird. These need to be on the State form that you have copies of. The dog needs to be renewed every year, while the bird just need to have the initial vet check kept on file.
3. You need to install a child safety lock on your lower kitchen cabinet or need to move your cleaning supplies out of reach of children.
4. You need to obtain a current physician signed statement of health for yourself and Fernando to have on file. These need to be on the State form that I shared a copy of and need to be renewed every three years.
5. You need to obtain a current physician signed statement of health and immunization form for your five children. These do not have to be on the State form.
6. You need to assemble full files for 2 of the children in your care. These need to include the items listed in the description above. I encourage you to work with Traci Corley from Child Care Resource and Referral on this project. Traci can be reached at: (515) 246-3559

Suggestions for Improvement:

Recommendation:

The above corrections need to be in place by 1/7/19. Though I will not be conducting a re-check at your home, I will review the corrections during our next visit.

[ ] Is the recommendation to terminate a provider agreement or revoke a registration?

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Based on the items out of compliance listed above, you will not be required to have a recheck or follow up visit to your home.

Please do not hesitate to contact me at DHS at (515) 268-7106 if you have any questions regarding this letter.

Sincerely,

Earl Crow
