CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance check with Registered Child Development Home Category B provider Sandra Weir on 1/27/2026. Sandra has been involved with child care for 26 years. Sandra has a large open space which includes her dining room and a family room where children spend most of their time. Sharon has gates that help her to divide space and/or control the use of her space. She continues using the main floor only of her 2 story home. Sandra had 4 kids in care during the time of our visit, and currently has a total of 6 kids enrolled. She has a fenced in section of her front yard for an outside play area. Sandra has no current HHS-approved assistants or substitutes. She is due to renew her registration in 2/28/2027.

2. Identify Observed Strengths Of The Program

Sandra brings lots of experience into her operation. She currently stays at 6 kids, allowing for great attention to the children. Sandra described her strengths as staying positive with the children, and dependable/flexible with the parents. She described her curriculum as lots of free play with her involvement and guidance. Sandra mixes in structured activities that she finds through licensed child care centers and on-line. These include music, playdough, painting and regular outside time when weather permits. The children had just finished a painting project upon my arrival. Sandra participates in the Food Program to enhance the nutrition of her snacks and meals.

3. Identify The Aspects That Fall Below The Standard

110.9(1)b(1) "Two hours of approved child abuse and neglect mandatory reporter training."
- Sandra's Mandatory Reporter training recently expired and needs to be renewed. This should be in place by 3/31/2026 and will be reviewed during her next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 target compliance of Emergency Preparedness plans was conducted during the visit. Sandra was in compliance with a plan appropriate for her current operation.

I encourage Sandra to work with Shelby Hageman from Child Care Resource and Referral with any ongoing compliance or training needs.
Shelby can be reached at: (319) 433-7760

Sandra currently has no infants under 12 months of age in care. She has a crib appropriate for napping, and we reviewed safe infant sleeping policies for future reference.
