CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Carisa Bartlett has been a registered provider since November of 2020. Carisa is currently a category "C1" Child Development Home Provider. This category allows Carisa to have 8 children in care at one time. There is one pet cat in the home. Carisa does not have a substitute or assistant for her program. Care is provided on the main floor of the home. Carisa is available to provide care Monday through Friday from 7am to 5pm.

2. Identify Observed Strengths Of The Program

Carisa is an experienced provider. Carisa follows a play-based schedule including Music Time, Story Time, and other group activities as allowed, depending on the child's age and developmental levels. There is an outdoor space in the backyard, the space is fenced. Children can access this area when weather allows. Carisa has completed Safe Sleep training and implements the practice when she has children 12 months or younger in her care. This worker reviewed Safe Sleep policy with the provider. Carisa uses quiet time and redirection as her primary behavioral interventions when needed. Corporal punishment is not practiced in the Child Development Home. Children in Carisa's care receive regular meals and snacks as appropriate. Carisa's provider file and individual child files are complete, organized, and easily accessible.

3. Identify The Aspects That Fall Below The Standard

Within six months of becoming registered, children 18 years of age or younger residing in the household must have:Admission physical exam report.Immunization certificate.For school age: Documentation of physical exam completed at time of school enrollment or since that time.

1. Any household member 18 years or older needs to have a DHHS Medical Physical form completed by a medical professional.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

None.

5. Special Notes/recommendations

I encourage you to work with your Child Care Resource and Referral Worker (Katie Kytola 515-631-2913) with any compliance or training efforts.

The above correction needs to be completed by 7/7/2026 and will be reviewed on your next annual compliance check.

The Emergency Preparedness Plan meets Targeted Expectations.
