Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home A conducted on 05/03/2023. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. Your home is rated a 1 on the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1)	**Facility Requirements**
441 IAC 110.8(1)“ g”	The home shall have at least one 2A 10BC rated fire extinguisher located in a visible and readily accessible place on each child-occupied floor.

Findings:

Per our 5/3/2023 spot check visit, the following correction needs to be made as described in the policy section above:

1. You need to upgrade your fire extinguisher to a size 2A 10BC on your main floor.

Suggestions/Recommendations:

I encourage you to work with Casey Shelton from Child Care Resource and Referral with any ongoing compliance or training needs.
Casey can be reached at: (515) 802-8016

Corrective Action Required:

The above correction needs to be in place by 7/21/2023. No re-check is planned at your home. I will review the correction during our next visit.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at (515) 291-0008 if you have any questions regarding this letter.

Sincerely,

Earl Crow
