	REVOCATION of license

Licensing Consultant: Melinda Larson, Child Care Licensing Consultant **Date:** 12-17-2022

I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

Newton YMCA After School at Emerson Hough was given permission to open in August 2021. The center provides before and after school child care for children who attend this school as well as some additional elementary schools. The center operates inside the elementary school and has it's own secured entrance. The center uses the cafeteria, gym and playground for programming space. Serenity Bookout is the director of this center. Serenity is also the director of the YMCA Child Care Center. Bailey Jones is the on site supervisor.

An unannounced visit was completed on today's date. All areas subject to DHS licensing rules were reviewed. Mandatory postings are in place in the cafeteria. The schedule and a weekly lesson plan were also posted. The center has a nice supply of age appropriate games, art supplies, toys and learning supplies that are available and placed in the cafeteria during programming. Children's coats and backpacks are placed on hooks in the cafeteria.

Bailey and one additional employee were working today. Ten children from Emerson Hough were present at the start of the visit. Nine additional children came from other schools. Children had individual choice play activities, homework and snack. Children then had outdoor play on the school playground. The two staff were engaged and readily available to assist children with their activities throughout the visit.

The center serves snack after school. The menu was reviewed and the majority of the menu is compliant with CACFP requirements. Two dairy products were served today. Children that attend programming before school eat breakfast with in the school cafeteria.

The school playground is partially fenced. There is rubber tile, wood chips and blacktop for surfacing. There are some large climbing structures, swings and basketball hoops. The center completes monthly playground checks.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

This center has spacious programming space for the children. The children are offered large motor play activities daily through the use of the school's gym. The center is overseen by the YMCA Child Care Center.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

109.9(2): All files are updated at least annually and when a change occurs.
Some children's files are not current

109.15(1) Each child served a full nutritionally balanced meal or snack as defined by CACFP guidelines.
Snack served today did not have two food components

V. SPECIAL NOTES/RECOMMENDATIONS:

It is recommended that emergency drills are completed on different dates rather than being simultaneously. The drills will be more realistic and are to prepare staff and children for cases of emergency situations.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
