CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Molly Moreno is a CDH Category C2 provider, living in Grimes. Molly's husband Jon, is her approved co-provider. She has been a registered daycare provider since 2017. Molly lives in a split level home and provides care on the main floor. Molly has an above ground pool with a 4 foot non climbable fence around it. Daycare children do not use the pool.

2. Identify Observed Strengths Of The Program

Molly and Jon Moreno were organized for our compliance check. 14 children were present during my compliance visit, ranging from 2 years old to 5 years old. Molly found all the trainings for me and provide care all the daycare children. Molly and Jon have the library staff come do story time, fire and police officers come to speak to children, they do preschool time, circle time, dance parties and play outside. Molly and Jon use redirection for discipline. Molly and Jon do not provide care for infants.

3. Identify The Aspects That Fall Below The Standard

All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. All household pets need updated vet statements completed on the state required form. This needs updated yearly.
2. You and your co-provider need updated physicals completed on the state required form. These need updated every 3 years.

5. Special Notes/recommendations

I encourage you to continue working with Heather Sheesley from Child Care Resource and Referral for any ongoing compliance or training needs.
