help them up so they could see the deer. Fatou interacted with each child and was warm and friendly, offering the children hugs and encouragement.

Some of Fatou's daycare children are from other countries so it's a positive that she knows two languages and is working on learning a third.

3. Identify The Aspects That Fall Below The Standard

All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.

1. Fatou is currently caring for her adult son's cat, until the cat is spade next week and returns to her son's care. Fatou does not have shot records or annual exam information for the cat.

Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.

1. Fatou said that she is not currently having the children practice fire and tornado drills. This was also out of compliance at last year's visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. Fatou will have shot records for all household animals.

2. Fatou will have the children practice fire and tornado drills monthly and keep documentation. Since this was also a compliance issue last year, a referral will be made to CCR&R for assistance.
