CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Cheryl continues to provide child care as a registered child development home A in Dubuque. Cheryl provides care to a few families and is not currently accepting new enrollments. Cheryl provides a safe, nurturing environment for children that allows them to grow and learn. Cheryl does a lot of nature and outdoor activities with the children. They planted seeds this year, transplanted them outside, took care of them, and eventually harvested them. Music, reading, and walks to the park are also regular activities for children in Cheryl's care.

2. Identify Observed Strengths Of The Program

Cheryl believes her greatest strength in working with children is that she constantly lets them know they are loved and important. Cheryl works on social skills with the children such as being kind to others and sharing. This worker has observed Cheryl's gentle and nurturing approach to children in care. Cheryl's home is welcoming and offers children age appropriate toys and activities.

3. Identify The Aspects That Fall Below The Standard

Each smoke detector is tested monthly, and a record is kept for inspection purposes.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.
110.9(4) : An individual file is maintained for each child and updated annually or when there are changes. Each file contains:
110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Cheryl needs to resume monthly testing of smoke detectors and maintain written documentation.
Cheryl also needs to resume monthly fire/tornado drills and maintain written documentation.
Cheryl needs to ensure all child files are updated (parents sign and date enrollment forms within the last year) and has one child that needs an updated physical examination.

Cheryl does not need to submit anything at this time. Drills and child files will be reviewed again at next year's compliance visit.

5. Special Notes/recommendations

Targeted compliance of Emergency Preparedness Plan completed. Plan remains accurate and up to date.

HHS Child Development
Home Compliance Worker: Kathy Huinker Date: 9/16/2026

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.
