Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home B conducted on 08/03/2023. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.14 **SPECIFIC REQUIREMENTS FOR CHILD DEVELOPMENT HOME CATEGORY "B"**

441 IAC 110.14(1)“e” If more than eight children are present at any one time for a period of more than two hours, the provider shall be assisted by a department-approved assistant who is at least 14 years old, unless extra children are present as a result of an emergency school closing

441 IAC 110.14(3) **Facility requirements**

441 IAC 110.14(3)“c” The home shall have a minimum of two direct exits to the outside from the main floor.

1. If the second level or the basement of the home is used for the provision of child care, other than the use of a restroom, each additional child-occupied floor shall have at least one direct exit to the outside in addition to one inside stairway.
2. All exits shall terminate at grade level with permanent steps.
3. A basement window may be used as an exit if the window can be opened from the inside without the use of tools and it provides a clear opening of not less than 20 inches in width, 24 inches in height, and 5.7 square feet in area. The bottom of the opening shall be not more than 44 inches above the floor, with permanent steps inside leading up to the window
4. Occupancy above the second floor shall not be permitted for child care.

Findings:

Per our 8/3/2023 spot check visit, the following corrections need to be made:

441 IAC 110.14(1)“e” If more than eight children are present at any one time for a period of more than two hours, the provider shall be assisted by a department-approved assistant who is at least 14 years old, unless extra children are present as a result of an emergency school closing

441 IAC 110.14(3)“c” The home shall have a minimum of two direct exits to the outside from the main floor.
If the second level or the basement of the home is used for the provision of child care, other than the use of a restroom, each additional child-occupied floor shall have at least one direct exit to the outside in addition to one inside stairway. All exits shall terminate at grade level with permanent steps.

Suggestions/Recommendations:

1. Kathryn had some teacher's kids present who are normally off in the summer, giving her 11 countable children for more than 2 hours at at time with no DHS-approved assistant. Kathryn needs a DHS-approved assistant if over 8 countable children for more than 2 hours at a time.

2. Kathryn was using a second story bedroom for napping with no 2 exit leading to the ground with permanent steps. Kathryn cannot use the 2nd story as a Category B provider unless an additional exit with permanent steps is installed.

Corrective Action Required:

Both of these corrections need to be followed immediately. Kathryn does not require a re-check at her home.

I encourage Kathryn to work with Retta Mitchell from Child Care Resource and Referral with any ongoing compliance or training needs.
Retta can be reached at: (319) 267-2644

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at (515) 291-0008 if you have any questions regarding this letter.

Sincerely,

Earl Crow
