CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category C-2 providers Diane and Lisa Kellogg on 8/21/2026. Diane has been involved in child care for 28 years. They continue using the main floor only of their ranch style home. The entire house is designated for child care only with no one living in it. Diane had 2 children present during the time of our visit, and they care for a total of 13 at this time. Many of the children are part time. Diane and Lisa have a fenced back yard for their outside play area. They have one HHS-approved assistant and no HHS-approved substitutes at this time. Diane and Lisa are due to renew their registration effective 9/30/2027.

2. Identify Observed Strengths Of The Program

Diane describes their strengths as patience, dependability, great experience, ability to comfort the kids, and the "champions of re-direction." Their curriculum is mostly free play and learning through play. They offer regular activities such as music, coloring, reading, puzzles, and lots of outside time. They are able to walk the kids to the public library on a regular basis. Diane and Lisa participate in the Food Program to enhance the nutrition of their meals and snacks.

3. Identify The Aspects That Fall Below The Standard

Diane and Lisa were in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Diane and Lisa were in compliance having a plan consistent with their current operation.

I encourage Diane and Lisa to work with Shelby Hageman from Child Care Resource and Referral with any current compliance or training needs.
Shelby can be reached at: (319) 433-7760

Diane and Lisa have one infant under 12 months of age who was not present during our visit. We reviewed safe infant sleeping practices.
