Program Population Served:

- [ ] Infant(0<24 mos)
- [ ] Toddler
- [ ] PreSchool
- [ ] School Age
- [X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance check with Registered Child Development Home Category B provider Julie Marlow on 8/8/2025. Julie has 36 years of child care experience, and is due for her next certification renewal at the end of this year. Julie continues main floor only of her 2 story home. I did not review the furnace in Julie's cellar this visit. (Requires moving rug and items to access trap door.) Julie uses primarily her mini-split furnace and air conditioner unit for heating and cooling. Julie had 9 children in care during the time of my visit, with her approved assistant Natalie present.

2. Identify Observed Strengths Of The Program

Julie has a lot of energy and is easy to laugh with the children. She had a busy environment during the time of my visit with the arrival of a child, and trying to prepare lunch. Julie displayed good multi-tasking skills. She has a fenced in section of her back yard for an outside play area, and has a wrap-around porch that children can use. Julie limits screen time with the children and provides activities including art, coloring, and holiday themes. The kids have reading time every day.

3. Identify The Aspects That Fall Below The Standard

110.9 (2) b : Within six months of approval, a Physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, which is repeated at least every three years.
110.9 (2) c : Certification of two hours of approved training relating to identification and reporting of child abuse within six months of employment.
- Julie needs to update her assistant Natalie's file with a current physical and Mandatory Reporter training certificate.

110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
110.9 (4) g : A signed and dated immunization certificate provided by the state Department of Public Health.
- Julie needs to update a couple of her children's files with a current physical and immunization sheet.

The above corrections need to be in place by 10/31/2025 and will be reviewed during her next visit. No re-check is required at Julie's operation.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

I encourage Julie to work with Phyllis Koester from Child Care Resource and Referral with any ongoing compliance or training needs.
Phyllis can be reached at: (319) 433-7751

Julie is caring for one infant under the age of 12 months who was awake during the time of my visit. We reviewed safe infant sleeping policies. Julie has a pack-n-play for infant napping.

Julie needs to obtain a health statement for new household member Brian by 12/31/2025. This will be reviewed during her next visit.
