Ms. Fields has been an employee of Hand in Hand since 2022, has experience working with children and continues to participate in child development related training.

On 1/17/2025, program space was observed.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

Hand in Hand offers a variety of early learning/childcare programming options to help meet the needs of children and families in the community.

The year 2025 marks Hand in Hand's 24th year of providing childcare and early learning services to children and their families throughout the community. Congratulations on celebrating 23 years! Specifically, Hand in Hand - Westfield will be in their 18th year of operation during 2025.

The goals and purpose of Hand in Hand is to "…guide all children with experience that will help them to grow in independence by meeting and solving problems and feeling secure with other children and adults...to provide a safe, healthy, and loving environment for children and to meet the physical, mental, emotional and social needs of the children..."

Hand in Hand has the following website for families and the community to learn more about their programs:

http://handinhandinc.com/.

Hand in Hand has a history of participating in quality initiatives including local quality initiatives. Management has talked about future goals related to IQ4K, PBIS and possible CACFP. In 2022, Hand in Hand received a "Certificate of Appreciation" from the Linn Mar Community School District to certify that Hand in Hand made a significant and important contribution to Linn Mar High School and is held in the highest esteem as a member of their school community.

Founding original owner Ms. Kolthoff is a local entrepreneur invested in the local and surrounding communities. Ownership and management of Hand in Hand has remained consistent. This includes owner Ms. Kolthoff, management personnel Ms. Swestka, curriculum specialist Ms. Simmons, school-age coordinator Ms. Luedeman, school-age coordinator Ms. DeDecker, and specific on-site supervisor Ms. Fields. Management is extremely organized, and in turn, the program operates smoothly. Hand in Hand has noteworthy systems of organization in place to help ensure administrative items are completed and maintained as required. Management is knowledgeable of licensing guidelines as well as their own policies and procedures. Management has achieved NAC. Hand in Hand programs continue to use a childcare management software tool to help with administrative items.

Management team continues to be mentors throughout the community as well as part of an online innovative national director social media group. Hand in Hand management team also continues to be part of a local task force known as "Building Community Childcare Solutions" which examines childcare needs and solutions. In 2021, Hand in Hand management team established an optional monthly employee wellness challenge to help focus on lowering stress and maintaining a healthy lifestyle. In 2022, Hand in Hand undertook the immense task of establishing a company-wide unique online process for staff onboarding, training, and continuous transfer of knowledge. This then brought about an updating of the company's Employee Manual and a new Lead Teacher Manual both of which have become part of the company's online staff onboarding program. In 2023, management further enhanced hiring practices to include a 2-week new staff onboarding, seasoned-new staff mentorship, and program created educational videos. In 2023, Hand in Hand also added 3 new Marion Independent Community School District school-age childcare locations as well as an additional school-age coordinator position.

Since the last monitoring visit, Hand in Hand - Westfield has retained seasoned employees as well as hired a few new ones. Acknowledgement of an "Employee of the Month" and "Supervisor of the Month" was observed at this location! Management encourages staff to pursue professional goals through the use of mentoring/shadowing experiences, the Wages program, and one-on-one management-staff meetings. Hand in Hand hosts semi-annual lead staff meetings (e.g. welcoming idea generation, tapping into specific staff/room expertise, collective linking of resources), has an annual staff requirements calendar book (e.g. necessary forms, materials) and sponsors quarterly employee newsletters (e.g. helpful policy reminders, classroom tips, teacher resources). Management continues to support employees through an accrued point system rewarding staff for their daily dedication, providing fun staff incentives (e.g. childcare, snack cart, social media contests, wellness challenges, birthday acknowledgement), and offering staff the ability to collaborate among all Hand in Hand sites to share materials, curriculum, joys, challenges, and ideas/planning. In 2023, management established the staff "score card" with a weighted checklist for data driven monetary rewards and a "Four-Walls, Four-Corners" tool encouraging overall classroom/building aesthetics. In 2023, management further assisted each staff in establishing a quarterly training "Roadmap" to pursue personal trainings for specific classroom needs/resources as well as collective trainings to support the center as a whole. Documentation indicates employees complete annual professional growth training that exceeds Iowa Code requirements.

Hand in Hand programs have emergency plans, policies, and procedures in place which are annually reviewed and updated as needed. Hand in Hand sites have successfully navigated through the 2019 winter Polar Vortex, 2019 health (covid-19) pandemic, 8/10/20 Derecho Storm, 2021 food supply issues, 2022 infant formula shortages, 2023 air quality alerts and 7/19/24 global technology outage. In 2023, Hand in Hand began monthly employee safety plan reviews focusing on a series of topics including first-aid, housekeeping, ergonomics, proper lifting, workplace violence, and slips, trips and falls.

Hand in Hand - Westfield has a collaborative partnership with the school district. The school building and grounds are well maintained. Since the last review, the outdoor playground has been updated with new equipment. School custodial staff, school administration, school nurse, and school food service personnel help ensure the children's space is sanitary and hazard free each day. The school kitchen is inspected at least annually by the health department. There is an AED on-site. The program has regular access to the school gymnasium for large gross motor activities. During the monitoring visit, licensing observed school custodial staff to be available. The aroma of Dutch waffles and warm toast was observed to be spilling out from the school kitchen into the cafeteria where the childcare children were enjoying morning activities!

Hand in Hand - Westfield continues efforts at optimal communication between the program/staff and families. The program has an organized parent-staff/program information center, offers regular program newsletters, utilizes technological communication resources, and supports family programming activities. Hand in Hand offers a "...daily curriculum of exciting, challenging activities for children...theme-based curriculum filled with fun activities to help fine tune critical literacy skills with activity like reading aloud and writing stories..." Curriculum includes a reading incentive program called "Reading Rainbow" and homework time/assistance. Hand in Hand also supports a character counts curriculum offering

experiences in teamwork, sportsmanship, leadership and creativity. Summer camp 2025 school-age planning is currently underway and will include a Junior Summer Camp experience, field trips, theme based activities, and in-house events.

Hand in Hand collaborates well with community partners including local school districts, CCR&R, local businesses, health professionals and other childcare owners/directors (locally and nationally). Hand in Hand continues to utilize their own inhouse, multi-site curriculum leader Katie Simmons.

Hand in Hand programs support a “safe shoe” policy to encourage ease of play.

Each child is engaged in a daily health check upon arrival for early detection of apparent illness, communicable disease, or unusual condition or behavior which may adversely affect the child or the group. The program has policies and procedures in place for hand washing, cleaning, disinfecting, and sanitizing.

On the day of the monitoring visit, staff were observed warmly greeting families and children as they arrived for before-school programming. Activities observed were many (e.g. chess, Spot It, Super Charades, Uno, Barbies, imaginative play items, book reading, crafting, trivia). Staff provided a companionable presence while allowing children to have choice in their programming experiences. Routine transitions (e.g. clean-up activities, restroom breaks) worked smoothly into the program's welcoming and cooperative environment. Staff were overheard providing children with many words of encouragement, offering positive redirection when needed and encouraging the use of social graces. Children responded well to staff and appeared to be truly enjoying their childcare experiences.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

None noted.

V. SPECIAL NOTES/RECOMMENDATIONS:

Please ensure primary and secondary emergency postings include the best emergency contacts (e.g. fire department, police department, phone numbers, Robins or Marion) for this location.

The program's license remains in full status. Thank you for the visit.
