I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

N/A

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

An unannounced licensing visit took place at this center on 6/18/25. The executive director for the YMCA IMV child care programs is Lindsay Wadsager. Lindsay arrived at the center during the visit. Deja Taylor, School Age Program Director, also arrived at the center for the visit. The approved on site supervisor for this site is Lauren Day. She was present along with other staff. The center is one of many operated by the YMCA IMV. This particular site is located in the YMCA IMV North Scott building. The center serves school age children only and operates only on non school days.

The center utilizes the right side of the gymnasium area as their primary licensed space. This area is designated for only child care during the center's hours of operation per the center director and is separated from the other side of the gym by a dividing curtain. The center may also use the meeting/conference room (capacity maximum of 20 children) and the child watch room (capacity maximum of 20 children) as approved space provided these meet all licensing requirements each time prior to use. These spaces are not included in the license capacity of the center. Children travel to use hallway restroom areas and family restroom areas for hand washing and restroom activities. Staff are aware of the requirement to travel with children, supervise, and maintain ratio for all of this activity. It is noted that the conference room does include a sink used for hand washing within the room and the child watch room includes an adjacent restroom area with one toilet and one sink as well as a hand washing sink in the room itself (drinking fountain in this sink shall not be used). All program space was observed.

The center serves breakfast, lunch, and afternoon snack. The center has contracted with a local catering business to provide all meals and snacks. This center does participate in the CACFP.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

The staff appear to work well together at this site. The staff are good with the children and appear to know them well.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

109.10(7): First aid kit: The center shall ensure that a clearly labeled first aid kit that is sufficient to address minor injury or trauma is available and accessible to staff at all times when children are: In the center. In the outdoor play area. On field trips (away from the center).
1. First aid kid location not clearly labeled.
2. First aid kit missing items that are on the checklist.

V. SPECIAL NOTES/RECOMMENDATIONS:

1. Materials/supplies used for program activities need to be organized. There shall be adequate materials for the children and program materials shall be easily accessible to staff and the children.

2. Ensure storage area doors are kept closed at all times.
3. Child watch room needs hand washing poster at both classroom and restroom area sinks.
4. Refrigerator/freezer needs to be cleaned.
5. Ensure all open food is stored in a sealed container or ziploc and dated for freshness.
6. Conference room and child watch rooms are not ready for child care and should not be used until they are. Several items that should not be accessible to children need to be secured/removed.
7. Ensure current caterer's license is maintained in the licensing binder on site.
8. Licensing binder needs to be organized.

The center will continue with a full license. Please address the violation(s) and/or concern(s) noted in the report so that corrections are obvious and ensure that items remain in compliance. This report does not require a written response.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
