CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Amanda has been a child care provider for approximately 36 years. Amanda provides care Mondays through Fridays for first shift families. Amanda does have drop in availability. During the summer, Amanda is closed on Fridays. Amanda provides a 'child directed' type of child care setting where she has a regular routine in place, however day to day activities depend on the children's behaviors and their interests each day.

2. Identify Observed Strengths Of The Program

Amanda believes her greatest strengths include her communication skills with families and that she is adaptable, dependable and caring. Amanda provides child care in her basement. Her basement has a large amount of space that is extremely child friendly with designated spaces for all ages of children. Amanda has age appropriate toys that are all in organized locations. Amanda often rotates toys to allow children new activities to explore. Amanda is extremely organized in her paperwork, maintaining needed files and paperwork in her desk. Amanda works well with available resources, including Child Care Resource and Referral.

3. Identify The Aspects That Fall Below The Standard

110.8 (1) e : An annual laboratory analysis shows satisfactory bacteriological quality if a private water supply is used. Nitrate analysis when children under 2.

Amanda needs updated water sample completed.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Amanda will send water sample results to Kathy by 7/30/2026. Items can be emailed to kathy.huinker@hhs.iowa.gov or texted to 563-949-6971.

5. Special Notes/recommendations

Targeted case compliance of Emergency Preparedness Plan completed. Plan remains accurate and up to date.
